SUBJECT: Meeting Proposed by Special Projects
Office, USAF - Week of 2 July 1962

REFERENCE: Memo SP-3 dated 22 June 1962
SPO/USAF (attached)

1. Referenced memorandum proposes a meeting to discuss the planning, procurement, and security aspects of the payload for the Titan III vehicle. SPO/USAF suggests the meeting be held in the Los Angeles area during the week of 2 July 1962.

2. Contracts Staff and Security Branch, OSA/DEA, have been alerted to the meeting, as has ☐ DE/SEC, on behalf of the new NRO Security component. Contracts Staff would like to defer the meeting until the end of the week of 9 July. It is believed that further indoctrination ☐ the procurement officer identified for the position, will enable him to have a better understanding of his duties and responsibilities in this regard.
